Doug,

Rebecca Perrin shared these documents with me and I found them full of valuable background information about agriculture issues in the region. I am sending them to you for your reading pile.

Thanks,

Patrick,

Attached is a pollinators (R8 and HQ) background paper for your reference. I also included my remarks to the ND Ag Coalition last summer. The talkers at this point are out of date, but they can be updated with the most recent info if you are interested.

Finally, I am working on updating a series of background papers and talking points but that will not be done by noon today. Also I have requested the most recent info from HQ on RFS, but was told you can reach out to Tate Bennet if you have questions or want a quick rundown of what is going on.

Please let me know if you need anything else.
